# Welcome.TU.code

a Project of the Faculty of Informatics of  
TU Wien

Nysret Musliu and Reinhard Pichler

# Origin

Summer 2015 - Welcome.TU.code initiated by H. Werthner:  
computer courses for ca. 60 young refugees  
ca. 20 students of TU Wien as „teachers“  
positive feedback (from refugees, students, and NGOs)

# Regular Course at TU Wien

Computer courses for young refugees:

Students participating in this course as „teachers“

Diversity of refugees:

Country of origin

Computer background

Language (German, English, ... as language in class)

Computer courses on various levels:

beginners: ECDL „Base Module“, introduction

moderately advanced: ECDL „Base Module“

advanced: introduction to programming

# Outcome

Regular course every semester:  
over 200 students, over 400 refugees

Beneficiaries:

Refugees

Students

Society (hopefully)
