From a 2004 presentation of the Italian Association of ICT companies...

- 1.7 mil ICT Specialists
- 3.9 mil Power Users
- 6.7 mil Generic users

10.5 millions is the total 2002 Italian workforce “using” ICT. Roughly 50% of all workers.

25% in ICT companies, 75% ICT roles in user companies.
Towards European Standards for Graduation, Accreditation and Certification in Informatics
