- Acknowledgements
- Possibility of downloading the full data set (for IE members only)

INFORMATICS EUROPE

Informatics Europe Higher Education Data Portal

✓ **21 countries, or**
> 400 Million people which is
more than half of the
European population

✓ **some large countries are**
still missing

How to have your country featured in next years?

➡️ **Helping to find and interpret the data from your country and understand its particularities**

➡️ **Putting us in contact with people who have access to the statistics and understand your system**
