

European Computer Science Summit 2020

Leaders Workshop

- Post-Corona Teaching: How to succeed with virtual learning?
- Post-Corona Research: Globalization of research and virtual environments?

Session Chairs:

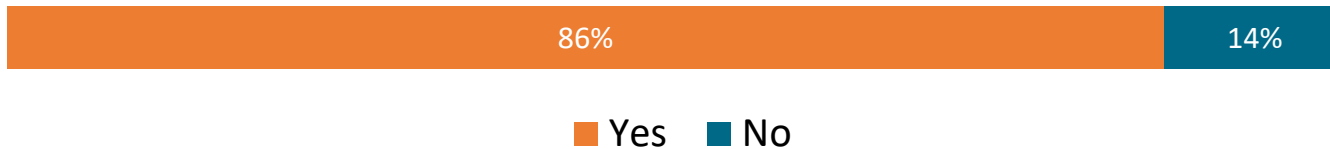

- Mehdi Jazayeri, Università della Svizzera italiana
- Harald Gall, University of Zürich

Poll Results

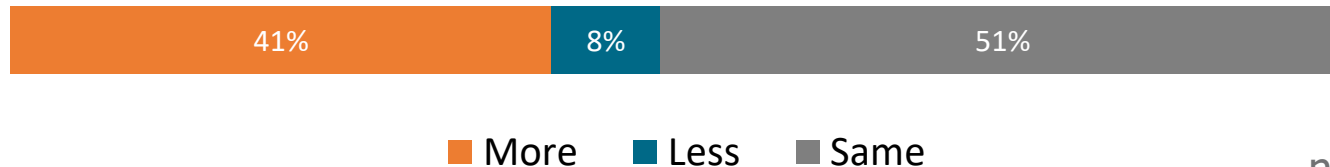

- Are you teaching remotely/hybrid?

- Do you have national/international remote students?

- Are your enrollments more or less than usual?

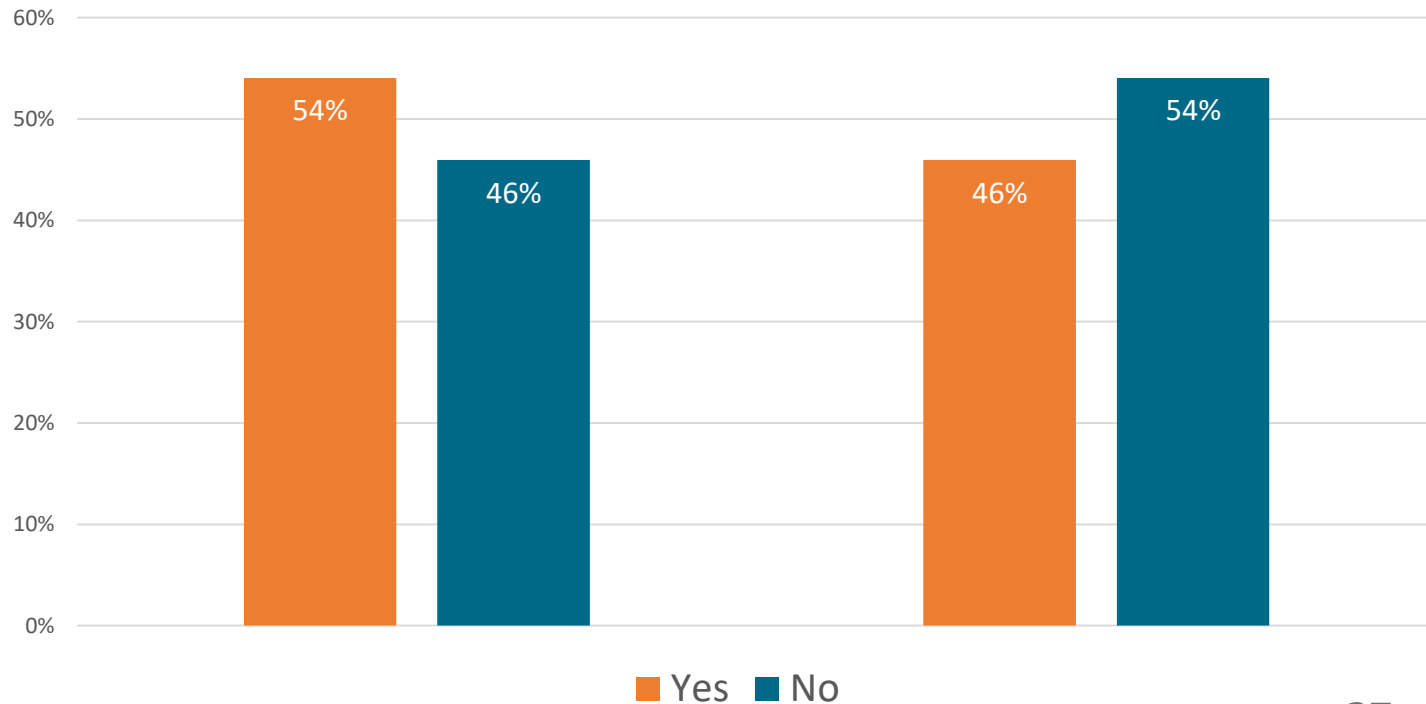

n = 37

Poll Results

- **Were you personally prepared for remote teaching?**

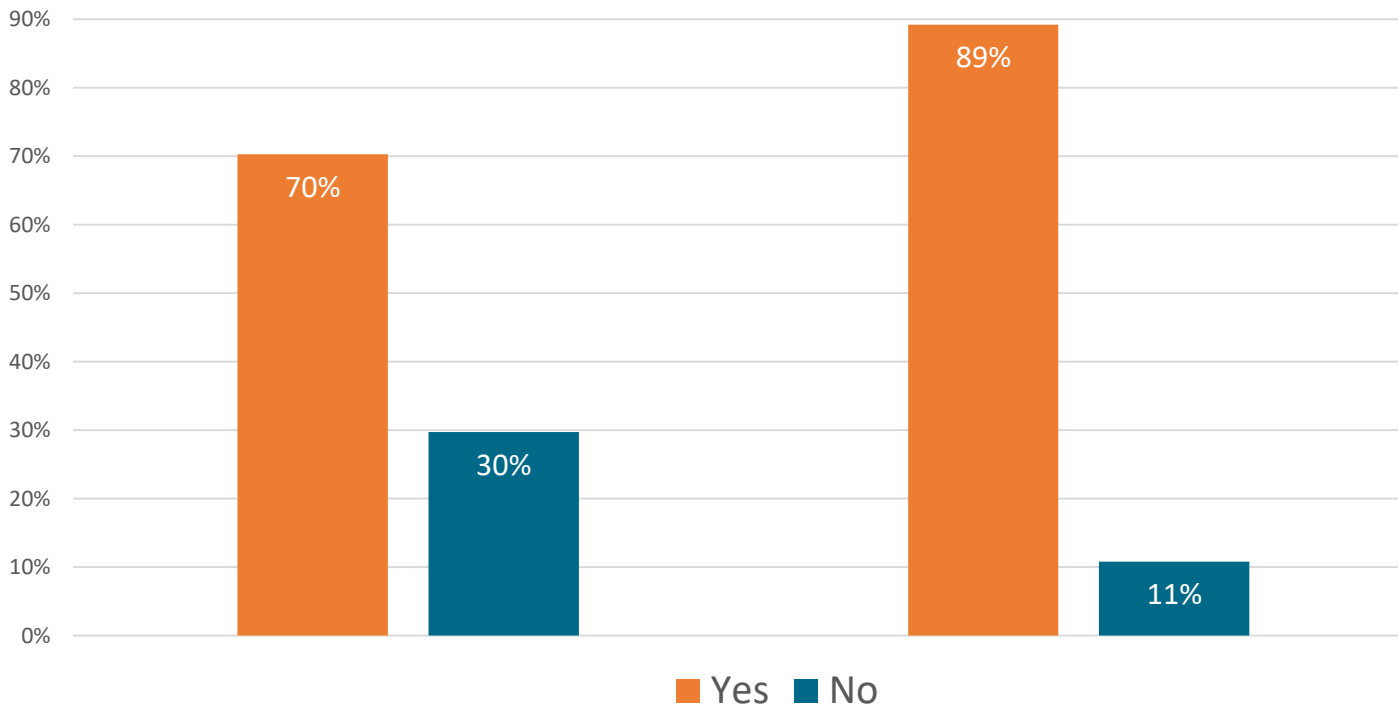

- **Was your university prepared for remote operations/teaching?**

n = 37

Poll Results

- Do your graduate students avoid in-person teaching (fear of infection)?
- Do you have faculty members who do not (want to) teach in person (fear of infection)?

Poll Results

- **Have you discovered new working opportunities due to the pandemic?**

■ Yes ■ No

- **Have you discovered new research topics due to the pandemic?**

■ Yes ■ No

- **Have you formed new collaborations due to the pandemic?**

■ Yes ■ No

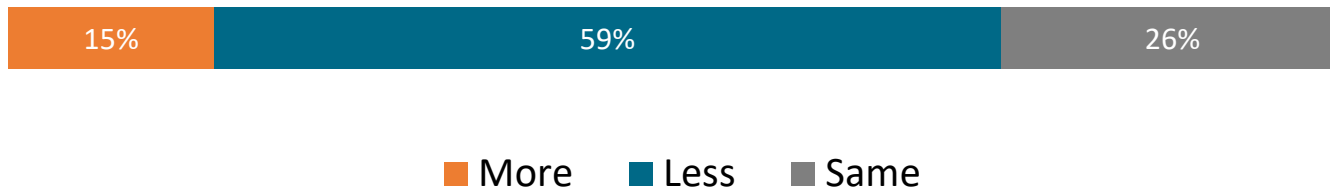

n = 39

Poll Results

- **Do you have more time due to less travel?**

- **Do you have more or less time due to online/remote teaching?**

n = 39
